GIRLS IN AVIATION DAY @ LSFM

Girls in Aviation programming (GIA) at Lone Star Flight Museum began seven years ago with *Girls in Aviation Day* and has expanded to several other programs designed to encourage and inspire girls toward futures in aviation and STEM. Girls In Aviation Day is our largest program! Established 11 years ago by Women In Aviation International, this international day focuses on immersing girls (and boys) ages 8-17 in the wonder of aviation and imagining a limitless future for themselves.

This year's event at LSFM will be held on Saturday, September 20. Our goal is to welcome 500 girls to this plane amazing day! In 2023, we welcomed 200+ girls and in 2024, more than 300!

Girls In Aviation Day will be filled with girls ages 8-17 who will spend an exciting day discovering the world of aviation and the possibilities of their own future.

Join the excitement and become a sponsor today!

THIS EVENT IS FREE TO ALL GIRLS (AND BOYS) AGES 8-17

THE DAY INCLUDES:

- Visiting Aircraft - Chat with a Pilot
- Aviation & STEM Career Fair with more than 30 Organizations
- Museum Exhibit Tours and Workshops
- Q & A Session with a Panel of Female Aviation Professionals
- Girls in Aviation Day T-shirts and Drawstring Backpacks for all 500 Girls!
